from **KATHERINE M. STOKES,**

- Past President, Association of College and Research Libraries
- Librarian, Dwight B. Waldo Library, Western Michigan University

"For libraries like ours, trying hastily to implement new graduate programs after a previous history of undergraduate emphasis, the reprinting of all back volumes of **THE NEW YORK TIMES ANNUAL INDEX** is cause for rejoicing. We have been struggling with microfilm of those from 1930 to 1947 of which we had not been able to find copies of the originals on the market. To have them in book form back to the beginning will make it much easier not only to locate material in The New York Times itself, but to establish dates for looking up material in other newspapers."
